Summary

As a future software engineer with a background in hospitality and electrical work, I bring a unique blend of technical and interpersonal skills to the table. My strengths include teamwork, organization, and attention to detail, and I'm always looking for new challenges to push my abilities to the next level.

Technical skills

Programming Languages: HTML, CSS, JavaScript, JQuery, JS.Node, Express.js, Next.js
React.JS, MySQL, MongoDB, Laravel, asp.Net, threeJs

Applications: Github, ChatGpt, mongoDB atlas, heroku.

Soft skills: Understanding of api's, front end, back-end and content management systems

Projects

Getoutdoorsfla.com

A web application to inspire people to visit nature in Florida.

Cloudyprophecies

A simple yet elegant weather forecasting application.

Notice-taker

A note taking web application

Experience

Electrician lead

All suncoast electric Inc.

2021-2022

Melbourne, Fl

Communication, Speed, Organization and Teamwork.

Working in a group of two with my apprentice, our team started vastly outpacing the rest of the company in both quality, speed and reliability, quickly becoming favourites among supervisors. By reducing the amount of trips the company has to make to fix issues, we cut costs by 25%.

Pastry cook/Garde Manger
Suntree Country Club

2017-2021
Suntree, FL

Organization, Teamwork, Working under pressure.

Cooking with a team of 12 before covid, Producing high quality food items was a passion. During covid this was brought down to a team of 2 including myself, thereby serving the same amount of people with a reduction in staffing of 73%.

Food & Beverage Supervisor
The Como

2014-2016
Como, WA, Australia

Customer service, teamwork, working under pressure

Serving quality food and providing excellent service, the biggest accomplishment of this position was the change in attitude from the 7 servers and bartenders working under me and the increase in service quality, raising the Reviews on google maps from 2 stars to 4 within 6 months.

Retail assistant

2012-2014

Customer service, sales

Au-pair

2011-2012

Education

Boot Camp Certificate: UCF, Orlando, Florida

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node.js, MySQL, MongoDB, Express, Handlebars.js, and ReactJS
